Thank you for choosing Propel as your finance provider.

Your VAT schedule provides you with a clear breakdown of the VAT charged on your asset finance payments. This is particularly important for businesses that are VAT registered, as they can reclaim the VAT charged on these payments as a business expense.

In addition, having a VAT schedule can also help you ensure that you are accounting for the correct amount of VAT in your financial records, and to comply with VAT regulations.

If you have any questions about your VAT schedule or would like to find out more about the full range of products and services we offer, please contact us on **01633 415222 (Option 2)** or email us at [customerservice@propelfinance.co.uk](mailto:customerservice@propelfinance.co.uk). We will be happy to provide you with any assistance you may need.
